

NEW WORLD LYRICS

www.lyricsinhindisongs.com

Yeah little homie

Recognize game when it's in your face

Elevate, educate, motivate dig

Ride ride ride rippedy ride

Let me tell you little something about pride

Slide slide slippedy slide

And I'm take you for a walk on the wild side

Hold down slow down graduate

The way you move it

You'll catch a cash

Cause I know that what's at stake

All work and no play

What you better not diss that class

Went that fast you better go and get that cash

Oh you like being a fool

Packing a tool boy you better get in school

How you think that I got mine

You better read between the lines

Yeah! Cause life ain't fair

You better get up get out get there motivate

My people gonna motivate

Climb at the top of the empire state

My people gonna motivate

A new world awaits

My people gonna motivate

Those people gonna motivate

Our people gonna motivate

Gotta make it happen before it's too late

All work no play (I got to get away)

Nine to five everyday (just ain't the life for me)

I m doing everything I can (I need a master plan)

I really need to find a way

There's so much feeling, wheelling,

Dealing, cheating, stealing

Back biting even hilling

Turn around stay inbound

You gotta hold on

You gotta stay strong

Keep your head up

The change is gonna come

My people gonna motivate

Climb at the top of the empire state

My people gonna motivate

A new world awaits

My people gonna motivate

Those people gonna motivate

Our people gonna motivate

Gotta make it happen before it's too late

Main jiyun zindagi ko mere hisaab se
Sirf kaam ki baat na bakta anaab shanaab
Main hoshiyaar bachpan se
Haan tsunami agar lalchi hai laala
Toh fir rasta naap le
Bhookh aaj bhi utna hi jitna kal tha
Log bhi badalte the jaisa mausam badalta
Par chalta rehta tha gaadi tera kaiko band tha
Aankh khol chhote har jagah dikhega bantai
Aye mera flow bada nasty hai
Pehnaave se leke sab kuch mein bhai tera classy hai
Life is so bright nahin chalta bina main glass liye
Aankhon pe hai chashma sabke
Par kiske bhi khaas nahin lagta hai
Fans tere bhi hai fir bhi
Pankha fast nahin lagta hai
Ek puff mara fir tu agla khaasne lagta hai
Kyu? Mere jaise few
Beta tere jaise bahut saare kyu
Achi cheezon pe karo jao concentrate
Simple cheezon ko simple rehne do complicate mat karo
Compliment to karo consistent toh raho
Kaabil khud se bano dusro ko karo jao motivate.
My people gonna motivate
Climb at the top of the empire state

My people gonna motivate

A new world awaits

My people gonna motivate

Those people gonna motivate

Our people gonna motivate

Gotta make it happen before it's too late
